### OFFER OF TRAINING CAMPS IN WISŁA, POLAND

The HS-134 hill of Wisła is a modern facility covered with plastic and suitable for all year round training. There is a modern ski lift, as well as changing rooms in one of the two buildings available to ski jumpers. Wisła is situated only 15-20 minute's drive from Szczyrk, which allows combining training on the big hill there with alternative trainings on the normal hills in Szczyrk.

#### NEW!!!

These days Malinka ski jumping hill offers fifteen small but comfortable single rooms with private facilities. The rooms are situated in the main pavilion building at the outrun and overlook the hill. There is a meeting / dinning room available at the teams' disposal, as well as a body building gym. Catering can be provided in the hill on request.

The rooms are available at daily fee of **10 Euro** per person a night.

Full board can be arranged at the additional cost of **10 Euro** per person a day (3 meals).

Training fee is **15 Euro** per person for two trainings a day.

For larger groups, we offer accommodation at the Geovita, or alternative, in the direct vicinity of the hill. Quotations will be available on request.

For reservations and further details please visit <http://www.tatrasport.pl/wisla.html> or contact us at [tatrasport@tatrasport.pl](mailto:tatrasport@tatrasport.pl) or +48 606 25 41 14.
